

AbstractCreator

```
classDiagram
    class AbstractCreator
    class CylinderCreator
    class ParallelepipedCreator
    class SphereCreator
    AbstractCreator <|-- CylinderCreator
    AbstractCreator <|-- ParallelepipedCreator
    AbstractCreator <|-- SphereCreator
```

The diagram illustrates a class hierarchy. At the top is the 'AbstractCreator' class. Below it are three subclasses: 'CylinderCreator', 'ParallelepipedCreator', and 'SphereCreator'. A horizontal line connects the three subclasses, and a vertical arrow points from the center of this line up to the 'AbstractCreator' class, indicating that all three subclasses inherit from the abstract class.
